

# Expired NPDES Report Fact Sheet

*Summary: User-specified summary search criteria return a list of NPDES permits that are expired or up for renewal (if you select an expiration date in the future).*

## Using the Report (Navigation)

### LOCATION

This report is located under the Run Reports link in CIWQS under the Misc. heading.

### SEARCH CRITERIA

Region, County, and City are “pick lists.” Pick lists display several items and have a scroll bar on the right side. The scroll bar allows the user to select multiple values. Hold down the Ctrl key and left click to select multiple values in any order you choose. Hold down the Shift key and left click to select everything between two values. Hold down Ctrl and left click to deselect.

The Permit Expiration Date field expects a date in the MM/DD/YYYY format. Leaving this field empty will default to today's date.

The final gray button, which is called “Generate Report,” starts the query.

### HYPERLINKS

The Search Criteria returns a list of regulatory measures related to the NPDES program.

The report has hyperlinks to a printer friendly version of the report and to an exportable version. The user may make changes to the search by selecting “Refine Search,” which takes the user back to the search screen with the original values retained.

The report defaults to 25 rows of regulatory measures per screen, but the user can select to see intervals of 10, 25, 50, 75 or 100 records per screen by using the dropdown in the bottom right-hand corner of the page. The user can navigate to other pages by clicking “Next,” “Previous,” or the page number links.

At the bottom, the user can go to the Run Reports screen by clicking on “Back to Main Page” or can go “Back to the Top of Page.”

Clicking on the column headings will sort the data by that column. Clicking the hyperlink again will sort in reverse order.

## How current is the data?

This report is on a nightly refresh schedule, which means that changes made in CIWQS will not be reflected until the next day. Reports are constructed from all entered data as of the close of business the previous day. If the refresh fails, the data in the report will be stale. Please notify the CIWQS Help Center (866)-792-4977 or [ciwqs@waterboards.ca.gov](mailto:ciwqs@waterboards.ca.gov) if you believe a report has not been refreshed.

### Search Criteria

- Region
- County
- City
- Permit Expiration Date (Permits expired as of)

### Search Results

- Region
- County
- City
- Order No.
- NPDES No.
- Effective Date
- Expiration Date
- Agency
- Facility Name
- WDID
- Address

## Where is this information coming from?

**Region** – this is the organization linked to the reg. measure with the role of “Regulating”

**County** – this field comes from the facility or child of facility linked to the regulatory measure (under Related Places tab) with the relationship of “regulated by”

**City** – this field comes from the facility or child of facility linked to the regulatory measure (under Related Places tab) with the relationship of “regulated by”
